

MOST'S LINE OF DEFENSE.

LAWYER HOWE SAYS THAT NOT ONLY HE, BUT LIBERTY ALSO, IS ON TRIAL.

Henry of Anarchists Listen in the Opening of His side of the Case—The Boss Revolutionist in a New Case—To Take the Stand Himself—Comparisons of His Acts with Charlotte Corday's Murder of Marat.

HERR MOST, according to a high Anarchistic authority, has the munificent salary of \$10 per week as editor of Die Freiheit, "if everything goes well." As the editor is exceedingly unostentatious, even frugal, in his manner of living, eating, drinking and sleeping in the Freiheit office, he has considerable surplus to devote to dress. This probably accounts for the black beaver overcoat, which he wore into the Court of General Sessions this morning.

He was exactly on time, thus preceding the rest of the participants in his trial for misdemeanor by ten minutes. These minutes were improved by him as usual in reading a copy of The World, which was carefully selected from a bundle of a dozen morning papers.

Notwithstanding the suggestion of Counselor Howe on Wednesday evening, that possibly he would decide it to be unnecessary to call any witnesses for the defense, Most's friends were in the ascendant in court, fifty of the long-haired and short-pursed people who attended the Kraemer Hall memorial meeting, being present with subpoena.

Mr. Howe recalled Detective Sachs and made him read from the Kraemer Hall memorial meeting, presided at and introduced into the Kraemer Hall meeting. Schwenck was called in from an ante room and the officer identified him. Schwenck is a small, mild-looking man of thirty-five years of age.

Mr. Howe began his address to the jury at 11.30. He said:

HERR MOST is not on trial. It is freedom of speech that is on trial. A courageous jury will pass upon the standard utterance of a man of genius, not the to the not agreeable, crooked conscience of Most before an audience made up of men and women whose ideas are not yet formed.

There is something dearer to us, to every citizen than what is right and just. It is the right of free speech. It is the right of free speech that is on trial here. It is the right of free speech that is on trial here. It is the right of free speech that is on trial here.

Attention thus directed to Most, the "wop-jawed" little man blinked his little, restless eyes and the muscles of his face twitched in virtuous nervous agitation.

Mr. Howe went on after sundry pretty compliments to Mr. Nicoll, who has held his own admirably in the running fire of wit and badinage which has been kept up during the trial, never once losing his head nor his temper.

I shall put on the stand another reporter who took stenographic notes of Most's remarks and who knows something of German and the meaning of the Freiheit. I shall put on the stand another reporter who took stenographic notes of Most's remarks and who knows something of German and the meaning of the Freiheit.

At 11.45 Adolph Schwenck was called as a witness by Mr. Howe, and Mr. Howe's brilliant little partner, Henry, examined him. Mr. Schwenck testified that he was a printer employed by Polhemus.

Mr. Nicoll cross-examined Mr. Schwenck and he knew that in Germany he had heard him speak at a workmen's festival at Leipzig. The speech was in favor of changing the existing Government into a Republic.

Mr. Nicoll—Does not that association have for its object a revolution of the present social and political government by force? A. We believe in working a change by peaceful means, if possible. Then, if we can't make the change in that way, we must work by other means. But we would rather make the people see the way to the change than work by bloodshed.

Mr. Nicoll read a few sections from the statement of faith of the society calling for the rebellion and the destruction of the existing class rule by all means—force if necessary. But Mr. Schwenck said he was not in sympathy with that principle and he thought he had been expelled for non-payment of dues. He was a member of the Workingmen's party, of which Most is leader, said of which the Chicago Anarchists were members. It is a federation of trades.

Q. Is there to be any law? A. The law of conscience and common sense. The law of conscience will be educated up to that. Judge Cowing—Is not the law of conscience? Yes, his conscience will be sick when he will do wrong, just as he is sick in his stomach when he does not eat right with himself.

Schwenck was attended but one meeting of Anarchists since his release from the penitentiary. He thought too much of his family. When asked what is the weapon of Anarchy, Mr. Schwenck was interrupted by Herr Most, who ejaculated: "The pen." Mr. Schwenck said "brains."

Do you believe in the existence of a Supreme Being who punishes for perjury? Mr. Schwenck replied in the negative. He had never read Herr Most's printed instructions to Anarchists how to act when in court as witnesses.

WESTERN RAILROADS ASTONISH WALL STREET BY MAKING SO MUCH MONEY.

The Market Caved a Little at the Opening This Morning, But There was Seen a Reaction and a Substantial Advance on the Whole List—Gossip on the Exchange To-Day About Stocks and Stockholders.

THE railroad earnings which came to hand this morning made it uphill work for the bears, who, after bracing up on a Thanksgiving feast, were more desirous than ever of getting prices down to a point where they could cover without loss.

The most important statement of the lot was that of the St. Paul, which showed a gain of \$76,130 for the third week of November on the earnings of 1886. This is a remarkable showing considering the unsettled condition of affairs in the Northwest, and for one proves the correctness of Armour's predictions about that company.

The Chicago & Northwestern earned \$2,786,216 for the month of October, which was only \$24,000 less than the large total for October, 1886. New England was generally selling up 3 points. Northern Pacific preferred crossed 49 and O. T. sold above 22.

Delaware & Hudson was strong on investment buying. The latest reports from Chicago are that the warping roads will hold a meeting on Tuesday next, and that the St. Paul has deferred action on Omaha rates until after the conference. This is looked upon as more peaceful news.

The transfer books of the Richmond & Danville and Richmond Terminal for the election will close here on the 24th and 15th respectively. It is not yet known whether Mr. Flower will take the Presidency.

It is said that John E. Burton has given a mortgage to the Central Trust Company for \$300,000 on his Goble mining properties to clear up the difficulties which these mines fell into.

MONEY AND EXCHANGE.

The rate for money jumped up to 10 per cent. near the close.

Foreign exchange is quiet and steady at Wednesday's rates.

QUICK MARKET FOR BONDS.

There were no sales at the Board. The 4s were quoted at 105 1/2 and 4 1/2s at 107 1/2. The 10s and 10 1/2s are at 108 1/2 and 109 1/2 for coupon. In State bonds North Carolina special tax sold at 12 and Tennessee 3s at 7 1/2 and 7 3/4.

The changes in railway bonds were generally to the advantage of the holders. Erie Common advanced to 109 1/2. Northern Pacific 2ds 100 to 100 1/2. Houston & Texas 1 1/2s to 110 1/2.

St. Louis, Ark. & Texas 2ds, 45 to 45 1/2. Iron Mountain 5s rose 1/4 to 98 1/2. West. & Ind. 4 1/2s, 101 1/2. Oregon Short Line 5s, 100. Alton & Terra Haute dividends, 5 to 40. Nickel Plate as fell off to 86 1/2.

THE LONDON MARKET.

Consols are up to 108 1/2 for money and 108 1/2 for the account. American railway securities are firm. Union Pacific rose to 8 1/2 in sympathy with the rise here on Wednesday. The following are the rates for money: Cable transfers, 100 to 100 1/2. Central Pacific to 85 1/2. In Paris rates advanced to 81 1/2.

There was a reaction in stocks about 2.30 on account of an advance in the rates for money to 6 1/2 per cent. The following are the rates in hands this afternoon Alton & Terra Haute dividends rose from 40 to 42. Port Wad. 19 1/2 fell off to 83 1/2 and rallied to 84 1/2. Erie Common advanced to 109 1/2. Northern Pacific 2nds sold up to 100 1/2.

RANDALL AND CARLISLE AGREE.

The Pennsylvania Will Probably Be Chairman of the House Appropriations. (SPECIAL TO THE WORLD.)

WASHINGTON, Nov. 25.—It is not believed that the opposition to Mr. Randall's appointment to the chairmanship of the House Appropriation Committee will be successful. Mr. Carlisle refuses to make any statement about the matter, but says his attitude towards Mr. Randall has been misrepresented on everything except the tariff. Randall and Carlisle agree.

EVACUATION DAY.

Mostly Forgotten Except by the Old Guard and the Veterans. The Stars and Stripes and the Municipal flag are flying over the City Hall again to-day. The celebration of the 104th anniversary of the evacuation of New York by the British has been neglected or overshadowed this year by the more national celebration of the annual Thanksgiving for the good which has befallen the country.

New York Markets.

WHEAT.—Reports of rain in the winter wheat belt created a panic feeling among the farmers this morning, and the market was weak at the opening on heavy selling by local operators when options were quoted at 87 1/2. Jan. 88 1/2, Feb. 87 1/2, Mar. 87 1/2. The decline brought about by the report of rain from exporters which hardened the market, and at noon prices were above the opening on a strong rally. Corn was firm and steady in the afternoon.

ANOTHER E. AND O. ACCIDENT.

Three Men Killed Outright and Several Injured Near Pittsburgh. (SPECIAL TO THE WORLD.)

PITTSBURGH, Nov. 25.—Two freight trains collided on the Wheeling branch of the E. and O., five miles from here, this morning, making a frightful wreck. Three men were killed outright and several injured.

LOOK OUT, TOM BLATT!

If You're Very Careful He Will Lose His Grip on the Republican Party. "If Tom Platt is not careful," said a Republican statesman at the Fifth Avenue Hotel this morning, "he will lose his grip on the party in this State. His influence has not been strengthened by the loss of the State, and there are thousands of Republicans who believe that Platt is not the man to lead the party in this State."

The Syracuse Standard, in an article on Platt, says: "Last winter's session of the Legislature in this State has done more to weaken the position of Tom Platt than any other session since he became Governor. He has lost the support of the Senate and Gov. Hill over the retention of Thomas C. Platt in the office of Quarantine Commissioner."

The same plan is on foot this year, and Republicans who have been successful in getting Tom Platt to lose are asked to enter a conspiracy to keep Thomas C. Platt and his henchman, Dr. William M. Hamond, in office five or six years longer. The State Senate cannot afford to impose this fly-by-night scandal upon the people of this State. The State Senate cannot afford to impose this fly-by-night scandal upon the people of this State.

Does the Republican retain any shadow of allegiance to Platt because he supposes that Platt is loyal to the Republican party? No greater miracle could be wrought than to see the State Senate planned for himself or his henchmen only. It is a traitor who is too cowardly and too avaricious to believe that his ability to get elected is a reward for his services to the party.

The rate for money jumped up to 10 per cent. near the close. Foreign exchange is quiet and steady at Wednesday's rates. There were no sales at the Board. The 4s were quoted at 105 1/2 and 4 1/2s at 107 1/2.

BOUND FOR NICARAGUA.

The Engineers for the Big Ship-Canal to Sail Next Week.

A queer looking steamer painted an olive green and two shades of red, with masts of reddish yellow, lies at Robinson's stores, at the foot of Congress street, Brooklyn. It is the steamer Honda which will sail on Nov. 30 for Graytown, Nicaragua, with forty engineers on board. The steamer is a regular trip of the Honda. The voyage takes eight days. The only deviation from the ordinary trip will be that the Honda goes direct to Nicaragua, stopping only at Fortune Island and Jamaica to take on one hundred laborers already engaged. No laborers are taken on from here, as the nature of the work is such that the men are provided for several months before being shipped for the expedition.

The steamer takes out seventeen canoes, expressly made for the expedition, of steel one-twenty feet in length. The expedition will go up the river until it gets to a point suitable for its headquarters. Civil Engineer R. E. Foery is head of the engineering party. He has been in Nicaragua for several months. Commander H. C. Taylor commands the expedition. The Honda will carry some fifty passengers also.

Local News in Brief.

About 200 damage was done to John Hainald's barber shop, at 83 Madison street, at about 4 A. M. to-day. The police do not know how the fire started. There was some alarm among the tenants, but no one was injured. The new church edifice of the parish of Saint Edward-the-Martyr, One Hundred and Ninth street, near Fifth avenue, will be opened next Sunday. The first service will be celebration of Holy Communion at 8 A. M.

Newton, to the effect that all extra men must be closed out, there is no work for them. Friends of Henry K. Hanesbrough, Jr., who was sent to three months in the County Jail for a duel in the Jefferson Market Police court yesterday, for beating his father, say that he was unjustly released. They are trying to have the case reopened.

Policeman Louis Seilig, of the Eldridge street station, who was indicted by the Grand Jury on a charge of extortion for exacting \$100 from Charles Krumba, the Chrystie street concert-saloon keeper, was before Recorder Smyth to-day. He pleaded not guilty. Elizabeth Weisberg, of 417 East Fifth street, who told the police a story about being bound, gagged and robbed in her room and who was indicted for a trial in the first degree, pleaded not guilty before Recorder Smyth to-day and was released on \$100 bail. Mayor's Marshal Brynes received to-day two more complaints against the employment agency run by President J. B. Gibbs, of the Manhattan Telephone Association, 130 West Twenty-third street. It J. King, of 341 East One Hundred and Sixth street, and Patrick Fallon complained that they had paid Gibbs money to get them work, and that they had been sent to places where Gibbs was not known. Gibbs denied that he had received the money.

A LITTLE DOG WITH A VERY BIG BARK.

The "Bowery" Clothing Concern which recently drew a comparison between itself and JOHN L. SULLIVAN reminds us very much of the fable of the FROG who tried to swell himself to the dimensions of an OX. The catastrophe that overtook the FROG should be a warning to the "Little Dog" on the "Bowery" not to "blow" himself out to such a dangerous extent. The frog, so the fable read, became so puffed out with his own wind that he really believed in his imaginary size and considered the rest of the animal kingdom very "Small Fry" indeed, but it was ALL WIND. There was a sudden collapse and "where, oh where," was the Frog!

A REFERENCE TO "BRADSTREET" OR "DUN."
